1<sup>st</sup> September 2026

## A WELCOME MESSAGE TO ALL SOUTH AFRICANS

The Pan-African Peace Commission was founded in the pursuit of **Justice, Perpetual Peace and Prosperity for All**. Peace is not simply the absence of conflict. **Perpetual peace exists only in the presence of justice**. Where justice is absent, peace becomes fragile, society loses confidence in its institutions, and the future of the nation is placed at risk.

It is therefore not only the responsibility of public servants to protect justice and peace. **It is the duty of every South African.**

Today, South Africa must confront serious questions concerning the integrity of institutions responsible for justice, law enforcement and national security.

On **6<sup>th</sup> April 2025**, Lt. Gen. Mkhwanazi, the KwaZulu-Natal Police Commissioner, publicly stated that the judiciary and law enforcement are captured. On **15<sup>th</sup> January 2026**, Gen. Dumisani Khumalo, during parliamentary testimony, expressed similar concerns and further stated that law enforcement works with criminal cartels.

These are not ordinary allegations. They are allegations of treason against the judiciary and law enforcement

When senior Generals, operating in different spheres of responsibility, raise concerns of this magnitude, **South Africans have a right, and indeed a responsibility, to demand that those concerns receive a proper, transparent and independent call to order from our nation's first line of defence, the SANDF.**

The Peace Commission anonymously received documentation evidencing the **misappropriation of public funds at a senior level of SANDF**. The information accompanying those documents further alleges that the **SANDF** matters brought to the Peace Commission are only the **“tip of the iceberg”, in terms of SANDF corruption**.

We do not prejudge the guilt or innocence of any individual. Allegations must be tested through evidence, proper investigation and due process.

**We cannot remain silent** when information of potential national significance comes before us.

The Peace Commission is committed to ensuring that appropriate matters are placed before the **proper constitutional and lawful forums**, including the **Madlanga Commission**, and/or any compatible tribunal so that the public is informed as these matters progress.

## **THIS IS A CALL FOR ALL SOUTH AFRICANS TO WAKE UP.**

South Africa belongs to all of us.

Our courts belong to all of us.

Our law-enforcement institutions belong to all of us.

Our defence force exists to **SOLELY** protect the Republic and its people.

And justice belongs to every South African.

If corruption, institutional capture or criminal infiltration is established, it cannot be allowed to continue simply because those involved hold high office, rank or influence.

**No rank should place anyone above the law.**

**No office should place anyone beyond accountability to every South African.**

**No foreign agenda should be placed above the interests of South Africans.**

The Executive Council of the Pan-African Peace Commission therefore renews its commitment to the **Restoration of Justice, Perpetual Peace and Prosperity for All**.

This is a call for **truth, transparency, ethics, integrity, morality, constitutional accountability and justice through lawful means.**

**South Africans must NEVER be afraid to ask difficult questions as South Africa needs people who think critically, and care enough to ask difficult questions.** The time has come for our nation to look beyond all divisions, be they political, religious or racial; and to stand together for the principles upon which unity, unity of purpose, unity of peace among us all, can restore the balance and harmony upon which to build a just, peaceful and prosperous future and to face your grandchildren with pride knowing that the legacy you leave behind is a just and peaceful foundation, that their grandchildren will inherit

Please follow the Peace Commission's media platforms.

Read the material and evidence we publish.

Ask questions.

We call upon South Africans to become informed and to think critically. Inform your families, friends, associates and communities, that South Africa is a lawless and defenceless nation. And ask them what they think their pensions, savings and wealth are worth in a defenceless nation?
